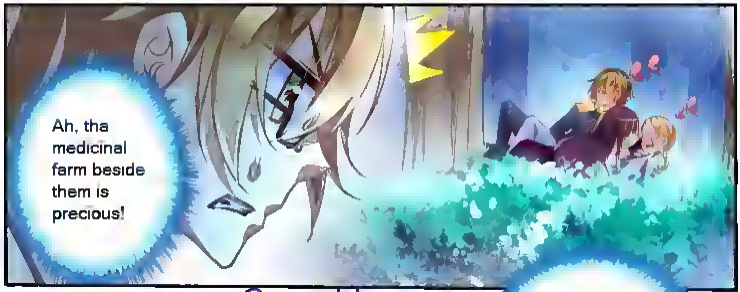
TL: Slow Translations
腾讯动漫 AC.QQ.COM

The first sentence about rabbits and swans is a "yan yu" proverb. This proverb seems to be a slang kind where the female is different from how she appears to be normally, usually a beautiful existence etc when doing it. It's hard to TL, so I explained a little here

This world still feels unreal to him, he can't "self insert"

But what a pity to Yuan Ding who has no sense of immersion in this world...
This scene is like watching an anime scene to him...
Oh please, I am one who has experienced many ero materials
This kind of quality doesn't make the cut.



Damn it--!
This bitch!!!

(Mouth opens)

RIP to anyone who thought she was going to be part of the harem
